

# Ludwig Narziß Award for Brewing Science

3rd Ludwig-Narziß-Award for Brewing Science: The preparations are already running: the Ludwig-Narziß-Award will be bestowed for the 3rd time. The event will take place on Wednesday, 13 September 2017, at 11.30 a.m. at the drinktec trade fair 2017 in hall A2, drinktec Forum. Once again, the award's eponym, Prof. Ludwig Narziß, will not miss the chance to bestow it in person. Everyone interested is invited to attend the award ceremony.

The Ludwig-Narziß-Award for brewing science is designed to recognize one BrewingScience publication in which the results are particularly relevant for application in the brewing industry. All articles which appear in the online journal BrewingScience or the yearbook within one publication year are considered as entries.

The most important criterion is the transfer of science to brewing. The candidates for the Ludwig-Narziß Award (the published articles) can stem from all areas of brewing practice, thus including malting, hop processing, packaging, etc.

## The Jury

The submissions are revised and scored regarding their scientific soundness and practical relevance by an international jury, composed of more than 50 experts from all relevant fields. This evaluation process is carried out anonymously both regarding authors and experts in order to guarantee the highest possible neutrality.

## The award ceremony

The Ludwig-Narziß-Award will be bestowed by its eponym Prof. Ludwig Narziß personally as well as by Dr. Jörg Lehmann,

Chairperson of "Verband ehemaliger Weihenstephaner der Brauerabteilung e.V. (VeW)" and Dr. Lydia Junkersfeld, editor-in-chief of BrewingScience, all being organisers of the Ludwig-Narziß-Award.

## Previous award winners

### Ludwig-Narziß-Award 2015

Adrian Forster and Andreas Gahr: „A Comparison of the Analytical and Brewing Characteristics of Cascade and Comet Hop Varieties as grown in Yakima (USA) and Hallertau (Germany); (BrewingScience 67 (2014), no. 11/12, pp.137-148) (<https://doi.org/10.23763/BrSc14-31forster>)

### Ludwig-Narziß-Award 2016

Konrad Müller-Auffermann, Alirio Caldera, Fritz Jacob and Mathias Hutzler: "Characterization of Different Bottom Fermenting *saccharomyces pastorianus* Brewing Yeast Strains"; (BrewingScience 68 (2015), no. 3/4, pp.46-57) (<https://doi.org/10.23763/BrSc15-01mueller-auffermann>)

## Brief summary of the Ludwig Narziß Award for Brewing Science

**Objective:** This prize will be awarded to that BrewingScience publication in which the results are particularly relevant for application in the brewing industry (very broadly also including malting topics, hop processing, packaging...).

**Candidates:** All publications printed in a BrewingScience year's issues/yearbooks.

**Organisation:** Donation management: Weihenstephan Jubilee Foundation 1905 in the Association of Weihenstephan Alumni of the Department of Brewing. Assessment process: Fachverlag Hans Carl, Nuremberg

**Jury:** The scientific papers are generally sent to three peer reviewers, experts in their fields. They are the ones most familiar with the specific topic (The group of experts of BrewingScience can be viewed at [www.brewingscience.de](http://www.brewingscience.de)/Group of Experts).

**Appraisal:** Appraisal will be done in the context of an assessment procedure based on a score system from 0 (low prospect of implementation in breweries) to 5 (highest relevance for brewers) in terms of importance for practical purposes and practicability. Based thereon, an average score will be calculated that establishes the ranking. Only the author of the paper with the highest score will be announced.

**Advisory board:** An advisory board, to be appointed, will decide on how to proceed in the case of a draw or contentious issues arising.

**Prize money:** The price is endowed with 2500 EUR

**Financing:** Prize money will be financed from donations. Everyone interested can contribute.

**Award ceremony:** The prize will be presented by Prof. Ludwig Narziß during drinktec 2017

**Bank details of the Weihenstephan Jubilee Foundation:** Hypovereinsbank, IBAN: DE14 7002 1180 0004 170 628, BIC: HYVEDEMM418, Reference: Ludwig Narziß Award for Brewing Science, (Upon request, we will issue a tax deductible receipt)
